## Minutes from the June 29 Meeting

Jim Tiedje called the meeting to order. JR is assisting an Honor Flight in Washington DC. Wally offered the invocation. 18 were in attendance. An interclub attended from Clinton. Our club sent an interclub to Muscatine.

Jim said there was a board meeting last week. It is in the budget to give \$500 to spastic paralysis and \$200 to the bowl-a-thon. So a check will be cut for \$700 and John Mooreland (our Lt. Gov.) will present it at the district convention in August during the Parade of Love.

Bev attended the International Convention this past weekend. She said that 4,000 Kiwanians were present. Our new President is Sylvester Neal from

Washington. He is a fire chief and has declared his term to be the "Year of Fire" with everyone having a fire in their heart for Kiwanis. She will have a full report next week.

Janet celebrates a birthday on July 1.

Steve G. had a birthday on June 21 and an anniversary on June 18.

So far 7 people have signed up to be marshals during the 4<sup>th</sup> of July parade. Everyone is to meet behind city hall at 11:15. More volunteers are welcome.

Janet announced that Scott Community College will have an open house on June 30 for their Applied Technologies building. All are welcome to attend.

Clinton Riverboat Days are this weekend.

Jim's mother will celebrate her 90<sup>th</sup> birthday this weekend.

John Mooreland thanked the club for their support during the past two years that he was Lt. Gov. Jim Connell from

the Davenport Noon club will be our new Lt. Gov. John will be running for treasurer at the District Convention. The club thanked him for his time and dedication to Kiwanis.

John Mooreland won \$3 in the marble game. Bev drew a black marble.

Jim introduced our speaker for the day, Tracy Kuehl from the Family Museum.

Tracy said she wasn't going to talk about the museum. She discussed plans for the old Eagle's building on 18<sup>th</sup> Street. The Learning Campus would like to see this area used as an all-season outdoor educational venue. It would complement the Learning Campus. There would not be any permanent structures, but possibly a 50' x 50' central pavilion with a roof but no sides. There would be 8' sidewalks around the perimeter which would allow space for booths along them for possible shows/fairs. Several groups in the area would like to have a community garden. The proposed draft shows changing the entrance off of Spruce Hills to a cul-de-sac to eliminate cars speeding through the area. The entire project is still in the conceptual phase.
